

PUNCHPACK20

PUNCH PACKS

MYSON FLOORTEC's new range of single room packs are designed for a screeded floor. Our Punch Packs include specially selected items to provide unbeatable quality and value. Punch Packs come with MYSON's innovative Tackernails, so are easy to install, and everything you need is in one handy box. They also come with 16mm multi-layer pipe, our A-rated single zone control unit and a touch screen thermostat complete with floor sensor. They are available in 20m² and 40m² pack (based on 200mm spacings). They're a cost effective solution for underfloor heating and backed by MYSON FLOORTEC's technical support and product guarantees.
